Currently moored at the beautiful Shakespeare Marina, Amy Rose benefits from a peaceful waterside setting, while still being just a short 10-minute walk from the historic town. The boat features a well-thought-out interior layout, making excellent use of space to provide both comfort and practicality.

The bedroom on Amy Rose is located at the stern of the boat and features a double cross bed, providing a comfortable sleeping arrangement. Storage units are built into the space, allowing for personal belongings to be kept neatly organized.

The bathroom on board Amy Rose is equipped with a shower cubicle, offering a convenient and practical washing facility. A vanity sink is also included, along with a new Porta Potti Electric 565 toilet.

The galley on board Amy Rose is compact yet functional, equipped with everything needed for preparing meals while cruising. A stainless steel sink with a mixer tap is installed, along with built-in storage cupboards to accommodate kitchen essentials.

The saloon area is designed to provide a comfortable and relaxing space for both day-to-day living and entertaining. The bench sofa in the lounge area converts into a double bed, offering additional sleeping accommodation when needed. A log burner is fitted, creating a warm and inviting atmosphere, especially during the colder months. There is also built-in storage, ensuring that the space remains clutter-free.

A drop-down boatman's dining table is positioned in the saloon area, allowing for convenient mealtimes without taking up unnecessary space. Additional storage compartments are integrated into the area, maximizing the available storage options on board.

Amy Rose is a well-maintained and characterful narrowboat, perfect for those looking for an easy-to-manage vessel. Whether you are searching for a weekend getaway or a cosy liveaboard, this boat offers the perfect balance of comfort and practicality.

With the option of a mooring at Shakespeare Marina, this is an excellent opportunity for anyone looking to embrace life on the water.
