Price: £55,000

Key Features

Berths:	4
Length & Type:	59ft Narrowboat
Year:	1997

Description

Tenacious is a beautifully crafted 59-foot narrowboat, built in 1997 by the esteemed Norton Canes Boatbuilders, who are celebrated for their high-quality and charismatic vessels. This boat was commissioned by a vintage marine engine specialist, designed to combine traditional charm with modern conveniences, making it a perfect blend of nostalgia and practicality.

Stepping aboard Tenacious, you'll find a layout that is both functional and inviting. The Boatman's cabin, steeped in tradition, features a single bed that can easily fold down into a double. The walls are adorned with intricate wicker-patterned tiles, adding a rustic charm that complements the beautiful Torwood Dover 4kw (est) solid fuel range cooker. This stove not only provides warmth but also serves as a focal point, exuding historical elegance and creating a cosy atmosphere.

Moving into the galley, you will find a space that seamlessly blends traditional style with modern convenience. The galley is equipped with a sleek gas oven and hob, a contemporary fridge, and a separate freezer. The expansive countertops provide ample space for meal preparation, while the generous storage ensures all your culinary needs are met. Unique designed door handles and colourful, intricate tiles give the galley a distinctive and vibrant personality, making it a joy to cook and spend time in.

The bathroom is a haven of relaxation and practicality. It features a free-standing bath with a shower above, perfect for a soothing soak after a day on the water. A stylish wash hand basin with mixer taps sits above a practical storage unit, complemented by a Thetford cassette toilet. The décor is highlighted by charming wicker-patterned tiles, adding a touch of traditional elegance and making the bathroom both functional and visually appealing.

The engine room houses the dependable Russel Newbury RD1 engine, known for its reliability and performance. This space is meticulously maintained, reflecting the care and attention that has gone into every aspect of Tenacious.

The lounge area is spacious and inviting, designed for relaxation and socializing. Two side hatches provide ample light and ventilation, creating an airy and open feel. The lounge is tastefully decorated, with comfortable seating and thoughtful touches that enhance its welcoming atmosphere, making it an ideal spot to unwind or entertain guests.

Designed with both comfort and style in mind, the cabin offers a cosy retreat. Unique door handles and colourful décor make it a delightful and charismatic space, ensuring that every moment spent on Tenacious is enjoyable and memorable.

Tenacious is more than just a boat; it is a floating home that exudes traditional charm and modern luxury. The combination of vibrant décor, unique design elements, and high-quality craftsmanship makes this narrowboat a standout choice for any boating enthusiast. Ideal for both leisurely cruises and practical journeys, Tenacious offers a unique and enriching experience, promising comfort and elegance on the water.
