BOAT SALES

LAKELAND LEISURE ESTATES

Description

Step aboard Fire Monkey, a beautifully crafted 57ft traditional narrowboat, built by Colecraft and thoughtfully refitted by Keel Boat Services. Designed with both comfort and practicality in mind, this charming vessel boasts a clean and simple layout, offering a blank canvas for personalisation. Whether you're seeking a peaceful liveaboard lifestyle or a capable cruiser for exploring the waterways, Fire Monkey is ready for its next adventure.

The well-appointed galley provides everything needed for home cooking on the water. A full-size, freestanding four-burner gas cooker with a separate oven and grill allows for effortless meal preparation, while the fridge with an ice box ensures you have space for fresh ingredients. The aluminium sink and drainer with mixer taps offer both durability and convenience, complemented by an oversized solid oak block worktop, perfect for food prep or entertaining. A breakfast bar with two stools creates a sociable space to enjoy meals or a morning coffee. With a generous range of cupboards and storage solutions, this galley is both stylish and practical.

The heart of the boat, the lounge is a cosy and inviting space, ideal for relaxing after a day's cruising. Two black captain's recliner chairs provide the ultimate in comfort, allowing you to sit back and enjoy the view through the windows. The thoughtful layout includes ample shelving and storage, ensuring your books, décor, and personal belongings are always within easy reach. This uncluttered, airy space is perfect for unwinding with a good book or entertaining guests.

The bathroom on Fire Monkey combines modern convenience with a clean, efficient design. The Techma ceramic pump-out toilet offers a hassle-free solution, while the wash basin set over a vanity unit provides both style and storage. A full-sized shower with sliding glazed doors ensures a comfortable and spacious bathing experience. The heated towel rail adds a touch of luxury, keeping towels warm and dry. With plenty of built-in storage, everything has its place, making daily routines effortless.

At the rear of the boat, the master bedroom is designed for restful nights and clever storage. The full-size (4'6") double bed sits on hydraulic struts, offering easy access to the generous storage space below. The clean and simple layout allows for customisation, making it easy to add your personal style. Whether you prefer a minimal aesthetic or a cosy retreat, this bedroom offers the perfect foundation for creating your ideal space.

With its thoughtful design, quality craftsmanship, and move-in-ready layout, Fire Monkey is an excellent choice for those looking to embrace life on the water. Whether you're cruising scenic routes or mooring up for a peaceful retreat, this traditional narrowboat is ready to be your home away from home.
