The interior layout of Mayar is thoughtfully designed, featuring a cosy bedroom with a fixed double bed, under bed storage, shelves, and a draw unit. The bathroom boasts a shower, basin with vanity, and a compost toilet, complemented by wall-mounted shelves. The galley is adorned with modern wood Scandinavian-style kitchen units, a butler sink, 12v fridge freezer, and a 4-burner gas cooker.

Step into the saloon, where a multi-fuel stove with a surround invites warmth and relaxation. The turn-of-the-century style sofa, shelving unit, and corner cabinet add to the nostalgic ambiance, along with a glass and wood cabinet that exudes classic charm.

Mayar is equipped with a BMC 1500 engine and received its last blacking with bitumen in March 2023. The insulation, provided by mineral wool, adds to the comfort of the interior, while the galvanic isolator safeguards the boat's electrical systems.

With double glazed windows and an internal cabin height of 6'2", Mayar offers a bright and airy atmosphere. The 12v and 240v sockets, Victron 1200W inverter, 12v lighting, and 2 solar panels ensure a reliable and efficient electric supply.

Mayar comes with additional features such as a Cratch external cover, a Calorifier for hot water supply, and an Eberspacher diesel heater combined with the multi-fuel stove for cabin heating. The boat's fuel tank capacity is 660 L, and the water tank holds 100 L. Three leisure batteries and one starter battery, along with 2 x 13kg propane gas cylinders, complete the comprehensive package.

Discover the allure of Mayar, a narrowboat that seamlessly blends tradition with modern conveniences, offering you a unique and delightful cruising experience.
