Additional Notes	Sapphire is a lovely "Compact style" homely traditional based canal, very well regarded Exeter Yacht and this owner's have sympathetically upgraded the interior so leaving a lovely homely feeling surrounded which is full of character and beautiful from a lot of recent investments including New Cratch cover (Jnuary 2022), New Cabin Blue (2021), New Washing Machine (2021), New Solid Wood Worktops (), Refloat Style Slab (2021), and really comes with a New BSC so will be ok for liquidation to great value once the hire relaxed. Early viewings very highly recommended
